### Nature Of Opinion

**Docket Position:** For

Subject: Docket# E-00000J-14-0023 - I support rooftop solar for benefitting all Arizonans.

Dear Arizona Corporation Commission,

The future is solar! Let's get with the project. Quit making it more difficult and make it easier for people to use green renewable energy. Take the shackles off

Regards,

Vincent Costa

### Nature Of Opinion

**Docket Position:** For

Subject: Docket# E-00000J-14-0023 - Please consider the benefits of rooftop solar

Dear Arizona Corporation Commission,

Please protect and encourage rooftop solar for Arizona residents.

Rooftop solar drives down costs for utilities by lessening the need to build new generating stations, costs that are passed onto us.

Rooftop solar gives Arizonans options to generate their own electricity and lower their bills. It is healthy competition for our utility monopolies.

Rooftop solar creates jobs in a state with an abundance of sun.

Rooftop solar reduces pollution. It saves water. It means cleaner air in our communities.

In fact, various studies across the country have vigorously examined both costs and benefits of rooftop solar with net metering and have concluded there is a net benefit to all customers, whether they have solar on their own roofs or not.

Thank you,

JohnMichael Flatley

Subject: Studied To Death — Solar Customers Don't Harm Non-Solar Ratepayers - Renewable Energy World

Here it is you guys. Makes it pretty clear to me that people like myself with solar aren't to be viewed as leeches. Please consider this when studying the APS rate case.

Thank you

John Rodwick

### Nature Of Opinion

**Docket Position:** For

Subject: Docket# E-00000J-14-0023 - Rooftop solar benefits

Dear Arizona Corporation Commission,

The corporation commission needs to support rooftop / distributed solar to make our utility companies more cost competitive and reduce the monopoly power of the utilities. Distributed solar is shown by numerous studies to benefit both solar and non-solar customers on the grid.

Regards,

Jeff Goswick

Subject: Docket# E-00000J-14-0023 - Rooftop solar benefits

Dear Arizona Corporation Commission,

.I currently have 300sqft of solar panels on my roof and they supply 50% of my electrical power. If my whole southern roof was covered. I could power both my house and my neighbors. We could shut down all the coal fired power plants and stop AGW. Let's do it.

Regards,

Mark Trainor
